

RF-PIR

Based on our highly successful, stylish and reliable QUAD-PIR detector; the RF-PIR is fully wireless. Many hours of development has produced a detector with exceptional RF range allowing it to be positioned in the trickiest of locations. HKC's philosophy is to take every design decision and weigh it carefully; the fruits of this are self evident in our RF-PIR.

- Two-way wireless communication
- Contains battery
- 15m detection
- Close-in detection
- Adjustable sensitivity
- Noise immunity
- Temperature compensation
- Resin protected electronics
